

QR Code Standardization in Digital Finance

The Policy Continuum 1/2

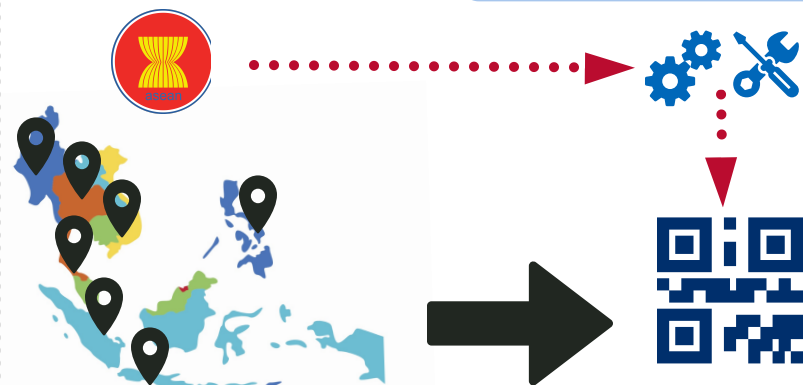

Problem Statement

Limited access to cross border finance is a significant barrier to cross-border commerce, including e-commerce

ASEAN Solution

ASEAN is looking into possible ways to promote harmonization of codes within the region or at least mechanisms of interoperability

IGNITE Support

Organize a workshop for policy makers on standards for the interoperability of QR codes in the region

Hold a workshop for industry players and policy makers to share insights on the interoperability of QR codes

Provide comprehensive guidelines and procedures of generating and using regionally interoperable QR codes
